SCHEDULED SPRAY AREAS FOR ADULT MOSQUITO CONTROL

(STOCKTON, CA) – In response to increased adult mosquito populations and the detection of West Nile virus in several areas of Northern San Joaquin Valley, the San Joaquin County Mosquito & Vector Control District (District) is preparing to conduct adult mosquito control operations.

The District will continue to implement the California Mosquito-Borne Virus Surveillance and Response Plan to protect the public health and welfare. Spray locations and times will normally be available 24 hours in advance. **People can access spray information and spray schedules by calling the District at (209) 982-4675 or toll-free at 1-800-300-4675 during business hours from 7:00 a.m. to 12:00 p.m. and 12:30 p.m. to 3:30 p.m., Monday through Friday or by visiting the District's website online at www.sjmosquito.org.**

Due to increased adult mosquito populations and/or detection of West Nile virus, the following areas are scheduled for spraying:

Ground spraying for adult mosquito control using MGK Pyroicide 7396 or Evergreen 60-6 is scheduled for the evening of Tuesday June 22, 2010, between 7:30 pm – 12:00 am or the morning of Wednesday June 23, 2010 between 5:00 am – 7:00 am (see attached map for approximate location).

- **Pixie Woods Park - Stockton.**
- **Wright / Elmwood Tract (Delta area west of Stockton)**
- **Oak Grove Regional Park - Stockton.**

more

SCHEDULED SPRAY AREAS FOR ADULT MOSQUITO CONTROL (Cont.)

Spraying for adult mosquitoes is done near sunset or sunrise with trucks and airplanes when mosquitoes are most active. The District will be using sprayers that apply a very fine mist of material that kills adult mosquitoes on contact. Control operations are contingent upon favorable weather conditions and if canceled, will **typically be rescheduled to the following morning or evening.**

To request District service, call 209.982.4675, 1.800.300.4675 or visit the District website at www.simosquito.org
