## **SCHEDULED SPRAY AREAS FOR ADULT MOSQUITO CONTROL**

(STOCKTON, CA) – In response to increased adult mosquito populations and the detection of West Nile virus in several areas of Northern San Joaquin Valley, the San Joaquin County Mosquito & Vector Control District (District) is preparing to conduct adult mosquito control operations.

The District will continue to implement the California Mosquito-Borne Virus Surveillance and Response Plan to protect the public health and welfare. Spray locations and times will normally be available 24 hours in advance. **People can access spray information and spray schedules by calling the District at (209) 982-4675 or toll-free at 1-800-300-4675 during business hours from 7:00 a.m. to 12:00 p.m. and 12:30 p.m. to 3:30 a.m., Monday through Friday or by visiting the District's website online at [www.sjmosquito.org](http://www.sjmosquito.org).**

Due to increased adult mosquito populations and/or detection of West Nile virus, the following areas are scheduled for spraying:

**Ground spraying for adult mosquito control using MGK Pyrocyde 7396 or Evergreen 60-6 is scheduled for the morning of Thursday July 8, 2010, between 3:30 a.m. – 6:00 a.m. or the morning of Friday July 9, 2010 between 3:30 a.m. – 6:00 a.m. (see attached maps for approximate locations).**

- **Pixie Woods at Louis Park – Stockton**
- **Oak Grove Regional Park - Stockton.**
- **Brookside – Stockton** >North to Fourteen Mile Slough, > South to March Ln., > East to Feather River Dr., > West to Ten Mile Slough
- **Monty Ct. Area – Stockton** > North to Meadow Ave., > South to Lincoln Rd., > East to Pershing Ave., > West to Alexandria Pl.

more

## SCHEDULED SPRAY AREAS FOR ADULT MOSQUITO CONTROL (Cont.)

- **West Ripon Area – Ripon** > North to W. Ripon Rd., > South to Stanislaus River, > East to Jack Tone Rd., > West to Kincaid Rd.
- **Portion of Southwest Manteca** > North to Yosemite Ave, > South to Hwy 120, > East to Union Rd., > West to Airport Way

Spraying for adult mosquitoes is done near sunset or sunrise with trucks and airplanes when mosquitoes are most active. The District will be using sprayers that apply a very fine mist of material that kills adult mosquitoes on contact. Control operations are contingent upon favorable weather conditions and if canceled, will **typically be rescheduled to the following morning or evening.**

To request District service, call (209) 982-4675, 1-800-300-4675 or visit the District website at [www.sjmosquito.org](http://www.sjmosquito.org)
