**SCHEDULED SPRAY AREAS FOR  
ADULT MOSQUITO CONTROL**  
*-Additional WNV Positive Mosquitoes Found-*

(STOCKTON, CA) – San Joaquin County Mosquito and Vector Control District's (District) mosquito-borne disease surveillance program confirmed West Nile Virus (WNV) positive mosquitoes in zip codes 95207, 95209, and 95337. In response to increased adult mosquito populations and the detection of WNV in San Joaquin County, the District is preparing to conduct adult mosquito control operations.

The District will continue to implement the California Mosquito-Borne Virus Surveillance and Response Plan to protect the public's health and welfare. Spray locations and times will normally be available 24 hours in advance. **People can access spray information and spray schedules by calling the District at (209) 982-4675 or toll-free at 1-800-300-4675 during business hours from 7:00 a.m. to 12:00 p.m. and 12:30 p.m. to 3:30 p.m., Monday through Friday or by visiting the District's website online at [www.sjmosquito.org](http://www.sjmosquito.org).**

Due to increased adult mosquito populations and/or detection of West Nile virus, the following areas are scheduled for spraying:

**Aerial spraying for adult mosquito control using Trumpet EC is scheduled for the evening of Thursday, July 15, 2010, between 7:30 p.m. – 9:30 p.m. or the morning of Friday July 16, 2010 between 5:00 a.m. – 7:00 a.m. (see attached maps for approximate locations).**

- **Wright / Elmwood Tract - (Delta area west of I-5).**
- **Rindge Tract – (Delta area west of I-5)**

**Ground spraying for adult mosquito control using MGK Pyrocide 7396 or Evergreen 60-6 is scheduled for the morning of Friday, July 16, 2010, between 4:00 a.m. – 6:00 a.m. or the morning of Saturday July 17, 2010 between 4:00 a.m. – 6:00 a.m. (see attached maps for approximate locations).**

**More**

## SCHEDULED SPRAY AREAS FOR ADULT MOSQUITO CONTROL (Cont.)

- **Oak Grove Regional Park - Stockton.**
- **Brookside – Stockton** >North to Fourteen Mile Slough, > South to March Ln., > East to Feather River Dr., > West to Ten Mile Slough
- **Monty Ct. Area – Stockton** > North to Meadow Ave., > South to Lincoln Rd., > East to Pershing Ave., > West to Alexandria Pl.
- **Portion of Southwest Manteca** > North to Yosemite Ave., > South to Hwy 120, > East to Union Rd., > West to Airport Way.

Spraying for adult mosquitoes is done near sunset or sunrise with trucks and airplanes when mosquitoes are most active. The District will be using sprayers that apply a very fine mist of material that kills adult mosquitoes on contact. Control operations are contingent upon favorable weather conditions and if canceled, will **typically be rescheduled to the following morning or evening.**

**2010 update on West Nile virus activity for San Joaquin County: 2 dead birds, 5 mosquito samples, 0 horses and 0 sentinel chickens have test West Nile virus positive.**

To request District service, call (209) 982-4675, 1-800-300-4675 or visit the District website at [www.sjmosquito.org](http://www.sjmosquito.org)
